1. INTRODUCTION.

These Rules and Regulations have been developed as a basis for good relations within Desert Sands Estates. Because this is a mobilehome Community, it has unique conditions which must be recognized and dealt with in a fair and reasonable manner, and applied and complied with on an impartial basis. The spirit behind these Rules and Regulations is the Golden Rule: "Do unto others as you would have others do unto you." We trust we will have your complete cooperation not only to keep Community standards high and to maintain a happy and friendly atmosphere, but also to assure each Resident a maximum of convenience and comfort.

The following Rules and Regulations are a part of your rental agreement. Please read the Rules and Regulations carefully and keep them on file as they constitute a binding agreement between you and the Community Management. Furthermore, the regulations contained in these Rules and Regulations will apply to any legal owner, registered owner, junior lienholder, heir, joint tenant, or personal representative of the estate of a Resident or any other person or party who gains ownership of Resident's mobilehome pursuant to the Mobilehome Residency Law or other California law. The Community Management will interpret and enforce these Rules and Regulations in a reasonable manner.

2. COMMUNITY STATUS.

Desert Sands Estates is an all-age Community with no minimum age.

3. ANNUAL VERIFICATION OF INCOME.

The Community operates as a Community for low-income housing pursuant to Federal guidelines and California Health and Safety Code section 33418. Under these guidelines, a copy of which is available for review in the Community's office during normal business hours, the Community is required to verify the income of the Community's Residents. Accordingly, Resident shall be required to verify his or her income annually on the anniversary of this Agreement after being given ten (10) days written notice of the same. Failure of Resident to comply with this provision will constitute a violation of these Rules and Regulations, and may subject Resident to eviction. A copy of the Verification of Income is attached as Exhibit "A" to these Rules and Regulations.

4. DEFINITIONS.

The definitions set forth below shall apply unless the context indicates that a different meaning is intended:

A. "Guests" includes all of Resident's agents, employees, persons sharing the Homesite pursuant to Civil Code §§ 798.34(b), (c), or (d), invitees, permittees or licensees or other persons in the COMMUNITY or on the Homesite at the invitation, request or tolerance of Resident such persons do not have the right to occupy

Resident's mobilehome as a member of Resident's immediate family as defined by Civil Code § 798.35. "Guests" also include any Residents who are not homeowners.

B. "Homesite" means the real property rented to Resident by Owner. The boundaries of the real property rented to Resident shall be the lesser of either: (1) the lot lines as determined by a governmentally approved survey or by a recorded plot plan; or (2) the apparent physical boundaries of the Homesite as they exist at the time the rental agreement is/was entered into. PLEASE NOTE: The boundaries of the Homesite end at the top of the roofline of the Resident's mobilehome. The rental of the Homesite does not include any right or easement for light or view. Regarding maintenance of the Homesite, Resident shall be responsible for the greater area as defined by this paragraph.

C. "Owner" includes, but it is not limited to, the owners of the Community (including the owner's partners, directors, representatives, officers, employees, and agents) and the management of the Community (herein referred to as the "Community Management").

D. "Community" means Desert Sands.

E. "Facilities" means those services and facilities of the Community generally available to Residents and their Guests.

F. "Community Management's approval" or "approval of Community Management," "Community Management's consent" or "consent of Community Management" or other similar terms as used in these Rules and Regulations or in other documents referred to in these Rules and Regulations, means that the Community Management's prior written approval must have been obtained by Resident before Resident commences any such action requiring Community Management's approval. If Community Management's prior written approval is required, Resident shall submit a written request to Community Management which describes the action Resident proposes to take and requests Community Management to give prior written approval.

G. "Resident" is a homeowner or other person who lawfully occupies a mobilehome. A prospective homeowner, purchaser, or those persons listed on the last page of the Lease Agreement/Rental Agreement as "Homeowner" who have not been approved for tenancy by the Owner and have not closed escrow on the mobilehome occupying the Homesite shall not be deemed a "Resident."

5. COMPLIANCE WITH LAW AND RULES AND REGULATIONS.

A. Residents and their accompanied guests have the right to use the Homesite and Community Facilities only if they comply with these Rules and Regulations and the other provisions of the Community's residency documents.

B. Resident agrees to abide and conform with all applicable laws and ordinances, all terms and conditions of these Rules and Regulations, all rules,

regulations, terms and provisions contained in any document referred to in Resident's Lease Agreement/Rental Agreement, and said rules, regulations, terms and provisions as may, from time to time, be amended, modified or otherwise changed by Owner.

C. Community Management will attempt to promptly, equally and impartially obtain the cooperation and compliance of all Residents with respect to the Rules and Regulations and other conditions of residency. Resident recognizes, however, that Community Management's ability to obtain compliance is dependent upon a number of factors, including the cooperation of all Residents and their guests. Resident agrees, therefore, that the enforcement of the Rules and Regulations and conditions of tenancy are a private matter between Community Management and each Resident individually. Resident agrees that he or she is not a third party beneficiary of any other agreement between Owner/ Community Management and any other Resident in this Community.

D. Resident must recognize that Community Management will not be responsible to Resident for normal, day-to-day disturbances that may result from the close proximity of other Residents and persons within the Community. Community Management will not be liable to Resident for monitoring each routine disturbance, disagreement or minor problem that may occur between neighbors. If Resident is unreasonably disturbed or bothered by the activity of another Resident or the Guest of another Resident, Resident should attempt to reasonably resolve any such problem.

E. Any violation of the Rules and Regulations shall be deemed a public nuisance. Resident agrees that a breach of any of the Rules and Regulations cannot reasonably or adequately be compensated in damages in an action of law and, therefore, Owner shall be entitled to injunctive relief including, but not limited to, restraining Resident from continuing to breach any such rules and regulations, term, or condition, or to allow a condition in violation of a rule or regulation, term or condition to exist or continue to exist.

6. COMMUNITY PERSONNEL.

Owner shall be represented by Community Management, including a Resident Manager, who is vested with all the legal right and authority to enforce the Rules and Regulations on behalf of the Community's Owner.

7. GUESTS.

A. For any Guest who stays with Resident more than twelve (12) hours a day for a total of twenty (20) consecutive days or a total of thirty (30) days in a calendar year (hereinafter "grace period"), Resident may be charged a guest fee for each month following the expiration of such grace period. The additional charge shall be due and payable on the day after the expiration of such grace period and shall thereafter be due on a monthly basis, paid in advance. No such charge will be imposed if the Guest is an immediate family member of Resident (as set forth in Civil Code § 798.35) or if the Guest is sharing Resident's mobilehome pursuant to Civil Code §§ 798.34(b), (c) or (d).

B. Before any additional person (other than the ones listed on the last page of Resident's rental agreement) may stay longer than the grace period and/or is permitted to reside with Resident, Resident must insure that such person comply with the following: register with Community Management; (2) complete an application for tenancy; (3) be approved by Community Management; and (4) sign a copy of the then current Rules and Regulations and execute all other residency documents as required by Community Management. However, no such person or registered Guest will have any rights of tenancy in the Community in the absence of Resident.

C. Resident agrees to acquaint all Guests with the conditions of tenancy of the Community, including, but not limited to, the Community's Rules and Regulations. Resident is personally responsible for all the actions and conduct of Resident's Guests.

D. Community Management reserves the right to determine whether the Community's recreational and other facilities can accommodate all the Residents and their Guests; therefore, Community Management may refuse any Guest access to said facilities if the Guest's presence would unreasonably detract from the use and enjoyment of these facilities by other Residents and Guests who are then using the Facilities.

E. A Guest is permitted to use the recreational facilities only while accompanied by a Resident.

F. If Resident will not be present, then no Guests may occupy or otherwise use Resident's mobilehome without Community Management's consent. If a Guest has received approval by the Community, such Guest may be permitted to occupy Resident's mobilehome and to use the Community's recreational facilities.

8. MOBILEHOME OCCUPANCY.

A. The number of occupants of a mobilehome shall be limited to two (2) persons per the number of bedrooms present in the mobilehome, plus one (1) additional occupant. A bedroom is defined as a living space which is designed for sleeping and which has closet space, but does not have plumbing.

B. At all times, at least one person who regularly occupies the mobilehome must be the registered owner of the mobilehome and must be a homeowner of the Homesite.

9. MOBILEHOME STANDARDS.

A. Mobilehomes. To insure architectural compatibility, construction and installation standards, all incoming mobilehomes must be in good condition, must be approved by Community Management, and must have detachable hitches. Furthermore, Resident is responsible for determining that Resident's mobilehome (as well as all appliances and additional equipment used on or at the Homesite) is compatible with the electric service of the Community. The Community has 100 Amp

Electric Pedestals. It is Resident's responsibility to check to determine that resident's mobilehome is compatible with the Community's utilities and pedestals for gas and electricity.

B. Mobilehome Sizes. All mobilehomes in the Community shall conform in size to the requirements of the Homesite on which they are placed as established by Community Management. Placement of mobilehomes shall be determined by Community Management.

C. Accessory Equipment and Structures. The installation of all appliances, accessory equipment and structures on incoming mobilehomes by Resident shall be completed within sixty (60) days of the date Resident signs the Community's rental agreement or first occupies the mobilehome, whichever is earlier.

(1) Building permits, licenses and other similar permission from government or quasi-governmental bodies or agencies must be obtained, if so required, before any installation or construction of certain accessory equipment and structures. All such equipment and structures must comply with all federal, state and local laws and ordinances, including, but not limited to, Title 25 of the California Code of Regulations.

(2) Prior to commencing a new installation of or a change in accessory equipment and structures or a change in any appliance which is to be connected to the gas, electric or water supply, Resident shall submit for Community Management's approval a written plan describing in detail the accessory equipment and structures which Resident proposes to install or change. Such plan must include, but may not be limited to, dimensions of mobilehome, placement of mobilehome on the Homesite, and proposed placement of accessory equipment in relation to lot lines and all other structures.

(3) Only accessory equipment and structures which are prefabricated or otherwise manufactured may be installed on Resident's Homesite. No "homemade" structure is permitted, but accessory equipment and structures which are constructed to contractor standards may be permitted with prior written approval of Community Management.

(4) Any accessory equipment or structure not in compliance with the Community's residency documents shall be removed by Resident within ten (10) days of receipt of written notice.

(5) If Resident does repair or replace Resident's mobilehome or any existing accessory equipment, or if Resident adds any new improvements or accessory equipment, the standards for incoming mobilehomes and for accessory equipment and structures must be met. All such repair, replacement or installation shall be completed within sixty (60) days of approval and must be done by an appropriate, licensed, bonded and insured contractor.

(6) Resident is cautioned that there are mobilehomes and Homesites in the Community which contain accessory equipment and structures which no longer conform with present Community standards and regulations; therefore, Resident may not assume Resident's plans will be approved because the plans conform to accessory equipment and structures existing on other mobilehomes or Homesites.

D. Standards for Incoming Mobilehomes and for New Construction and Installation of Accessory Equipment and Structures. The following are the applicable standards for specific equipment and structures for all incoming manufactured homes and for all new construction and installations (including repairs and replacements):

(1) Electrical Appliances. Due to the potential for overloading of the Community's electrical system, the installation of electric heat pumps and other major appliances must be approved by Community Management prior to installation. Community Management may require removal of any appliances (including, but not limited to, air conditioning units) that, in Community Management's reasonable discretion, adversely affect the utility systems of the Community. No water softener which discharges in the Community's sewer system is permitted.

DUE TO THE LIMITED CAPACITY OF THE COMMUNITY'S SEWER SYSTEM, RESIDENT MUST RECEIVE PRIOR APPROVAL BEFORE INSTALLING ANY WASHING MACHINE, GARBAGE DISPOSAL OR DISHWASHER. TO INSURE ACCEPTABLE LOADS TO THE SEWER SYSTEM, RESIDENT'S APPLICATION FOR APPROVAL FOR THESE APPLIANCES MAY BE DENIED.

(2) Air Conditioners. Evaporative (swamp) coolers are permitted provided the cooler is in good operating condition and does not make excessive noise that will be disruptive to any other Resident. Should Resident install an air conditioner, then air conditioner must be wired through the electrical supply of the mobilehome and not through the Community's electrical pedestal. Electrical work must be handled by a licensed electrician.

(3) Porches and Patios. Porches and patios are required and must be constructed under permit and meet the appropriate governmental building codes. Porches must be of an approved material matching the exterior material of the mobilehome. Porches shall be a minimum size as determined by Community Management. Unless made of masonry, surfaces of porches, patios and steps must be covered with outdoor carpet or other approved material. All steps must be of good manufactured quality and side faced to match the mobilehome's exterior. Steps must have approved handrails, as required by law. The temporary steps provided by the mobilehome dealer must be removed from the Homesite no later than sixty (60) days from the date the mobilehome is moved into the Community.

(4) Sunshades, Windscreens and Privacy Screens. Roll-up, aluminum wind screens or privacy enclosures are permitted on Resident's Homesite with prior written approval of Community Management; however, temporary, roll-up type sun

shades (such as plastic, canvas, cloth, bamboo or matchstick blinds) are not allowed. Shrubbery may also be used for windbreaks or for privacy.

(5) Siding. All mobilehomes must have exterior siding that is either painted or stained wood, Masonite, horizontal, house-type siding or stucco. All colors must be approved by Community Management.

(6) Carports. A minimum of eleven feet by forty feet (11' x 40') carport is required with approved roof materials and facias.

(7) Porch Awnings. Awnings are required on all mobilehomes. Any patio must be covered by an awning which is at least as large as the patio. All textured materials and color must coordinate with the mobilehome. All awnings must be painted or be of anodized aluminum or steel and must be of an approved manufactured type. Nothing may be attached to upright supports of either a patio cover or carport. Resident may not install any "awning extenders" and "slanted awning stanchions" without Prior, written, Community Approval.

(8) Skirting. Skirting is required on all mobilehomes and may be of Masonite, masonry or other approved material, which matches the siding of the mobilehome; no corrugated or slatted metal, plastic or fiberglass is permitted. Skirting must have a removable access panel not less than four square feet (4') in size (with no dimension less than eighteen inches (18")); such access panel must be kept closed. There must also be sufficient opening for cross-ventilation in the area beneath Resident's mobilehome, pursuant to Title 25 of the California Code of Regulations.

(9) Facias and Flashing. All mobilehomes shall have facias (unitizing) that blend with the roofing and siding materials and shall tie into the awnings in such a manner as to eliminate a line of demarcation between the mobilehome and the awnings. This fascia shall be installed completely around the perimeter of the mobilehome. Where the mobilehome is joined at the roof, the fascia shall be of the same material as the roof.

(10) Roofing. All roofing materials on carports and storage sheds, as well as replacement roofs on mobilehomes, must be non-glare aluminum, composition asphalt shingles or tile.

(11) Rain Gutters. All mobilehomes must be fitted with rain gutters and down spouts which extend to the ground and drain water to the street.

(12) Earthquake Bracing. If Resident installs a manufactured home earthquake-resistant bracing system, such system must be installed and maintained in compliance with the California Health & Safety Code and Title 25 of the California Code of Regulations.

(13) Exterior Storage Building. Resident may install up to two (2) storage buildings, which shall not exceed a combined floor area of one hundred twenty

square feet (120'). Community Management must approve the type of storage building and where the storage building(s) will be placed.

(14) Fences. Resident must obtain prior written approval of Community Management before erecting any fence on Resident's Homesite. All fences must be painted or stained to match Resident's mobilehome. No fence may exceed six feet (6') in height (if located to the side or rear of the Homesite) or thirty-six inches (36") (if located between Resident's mobilehome and the street). Any fence must be placed inside Resident's lot line and not infringe on any adjacent Homesite or common area.

(15) Antennas and Satellite Dishes. Resident must abide by the following standards regarding the installation of any exterior satellite dish or antenna on Resident's Homesite:

(a) Only satellite dishes with a diameter or diagonal measurement of one meter (approximately thirty-nine inches (39")) or less will be permitted. Any permitted satellite dish must not be visible from the streets or common areas of the Community and must be located on the ground to the rear of Resident's mobilehome, unless such location interferes with the quality of reception.

(b) Due to changes in the installation policy of DirecTV and Dish respecting satellite dishes, any installation of satellite dishes now requires prior Community approval for placement of the same. Please contact the Community Manager's office if you are having a satellite dish installed and the Community Manager will make arrangements to be available when the installer is at Resident's home. In all instances, trip hazards must be avoided. If any satellite dish placement is not pre-approved, then Resident may be required to have the same relocated at Resident's sole cost.

(c) Any installed satellite dish must be properly maintained in a clean and neat fashion.

(d) An installer (including Resident) of a satellite dish must indemnify or reimburse Community for loss or damage caused by the installation, maintenance, or use of Resident's satellite dish.

(e) Television antennas must be located to the rear of the mobilehome (away from the street) and may not extend more than twelve feet (12') above the highest point on Resident's mobilehome, unless such location interferes with the quality of reception. Any antenna or reception device must be properly installed and secured to comply with all laws, codes and manufacturer instructions and must be operational.

(f) Other than for television, all other antennas (including, but not limited to, ham radio and CB antennas) are not permitted in the Community.

(g) Cable television service is available through the local service provider.

(16) Flagpoles. No permanent flagpoles are permitted. Only small flagpoles, which are four feet (4') in length or less and are designed to be mounted on the front of the mobilehome, are allowed.

(17) Spas. No spa pool may be installed on the Homesite without prior submission of a plan to and approval by Community Management. Manufacturer specifications must be followed, and a locking cover must be in place when the spa is not in use.

(18) Water Softeners. Any water softener which discharges in the Community's sewer system is prohibited.

E. Special Standards. In order to maintain the aesthetic beauty of the Community, Community Management retains the right to impose additional standards on those Residents who have corner Homesites or Homesites in unique locations.

F. Solar Panels. Solar heating panels are permitted with prior written Community approval. Manufacturer specifications must be followed regarding installation. Solar heating equipment or other similar devices will not extend more than twelve inches (12") above the existing roof or awnings. All exposed surfaces, except the solar collecting surface must be of a non-glare material and/or painted to match the existing roof and mobilehome.

G. Work Done By Contractors. Prior written approval from Management is required of all work to be done by contractors in the Community.

10. LANDSCAPING.

A. Landscaping of unlandscaped Homesites or changes to existing landscaping shall be completed within ninety (90) days of the date Resident signs the Community's rental agreement or first occupies the mobilehome, whichever is earlier.

B. Prior to commencing any landscaping, including changes to existing landscaping, Resident shall submit a detailed landscaping plan to Community Management for approval.

(1) All changes made by Residents already residing in the Community must be completed within sixty (60) days of approval.

(2) Any landscaping which has been installed by Resident without Community Management approval and/or in violation of these Rules and Regulations must be removed by Resident within ten (10) days of written notice.

(3) Any irrigation system must have prior written approval of Community Management.

(4) Resident is cautioned that there are Homesites within the Community which may have landscaping which no longer conforms with present Community standards and regulations. Therefore, Resident may not assume Resident's plans will be approved because the plans conform to existing landscaping.

C. The following general landscaping standards are provided only to assist Residents in their preliminary planning:

(1) Only live plants may be used.

(2) Evergreen grasses, ground covers, flowers and small shrubs are generally acceptable, and Resident is encouraged to install and maintain same.

(3) Resident shall not, unless authorization is given by Community Management, remove any plants upon Resident vacating the Community.

(4) Community Management expressly prohibits the use of any manures or odorous chemical fertilizers.

(5) Waterfalls, statuary and other forms of decor will be permitted only with Community Management's approval.

(6) Some form of planted ground cover, acceptable to Community Management, is required.

(7) Decorative rock, no larger than three-quarter inch (3/4"), with an underlining of black plastic for weed control may be used by the Resident. All decorative rock must be washed frequently and additional rock added as necessary, to insure that there is sufficient rock at all times to adequately cover the area over which the rock is spread.

(8) No large trees and tall plantings are permitted. However, a small tree (which, at maturity, may not exceed eight feet (8') in height) may be planted on Resident's Homesite only with prior written approval of Community Management. Community Management retains the option to determine the location of and the type of tree which may be planted. In no event may any tree be planted within six feet (6') of any lot line or in the vicinity of any underground utility system.

(9) No plant, tree, or shrub may be planted which has a root structure that may cause any damage, including, but not limited to, cracking or buckling of streets, driveways or other Community facilities or which may interfere with any underground utility system.

(10) Small vegetable or fruit gardens not to exceed one hundred square feet (100') are permissible in the rear of the Homesite providing it is out of view from the Community streets. Resident must contact Community Management to determine whether the vegetables or plants they intend to plant are permissible, as several varieties of plants that may infringe on a neighbor's property, or are unsightly, are expressly prohibited.

(11) The existing drainage pattern and grading of the Homesite may not be changed without Community Management's consent. Resident is responsible for insuring that water does not puddle or stand and drains away from Resident's mobilehome into the street, but not onto other Homesites or common areas. Resident may be required to correct improper drainage at Resident's expense, including, but not

limited to, re-leveling or otherwise adjusting Resident's mobilehome or repairing and/or replacing any improvements.

(12) Marijuana, opium and similar illegal plants are expressly prohibited on the homesite or in the mobilehome.

D. All landscaping, including, but not limited to, shrubs, vines, bushes and lawns, shall be well maintained by Resident. Such maintenance shall include, but not be limited to:

(1) The frequent, at least once each week, mowing of any lawns.

(2) Homesite must be kept free of weeds and debris at all times.

(3) The trimming of all shrubs, vines and bushes in a manner that maintains an attractive shape and prevents such plants from blocking a neighbor's view or from being excessively high or brushing against a neighbor's mobilehome or awning. In no event shall Resident's landscaping be allowed to over-hang onto another Resident's Homesite or any common areas of the Community, to exceed the height of Resident's mobilehome, or to obscure the vision of persons driving in the Community.

(4) Resident shall be responsible for the maintenance of any tree located on Resident's Homesite, unless Resident has given written notice to Community Management (or unless Community Management has determined) that the tree poses a specific hazard or health and safety violation; upon such a determination, Community Management shall only be responsible for the pruning, trimming and/or removal of such tree.

(5) Resident will not trim trees or shrubs on Community property other than on his or her Homesite without Community Management's written consent.

(6) When vacationing or absent for any other reason, it is the responsibility of the Resident to arrange for someone to water and to maintain the Homesite.

(7) Resident must be careful when using water to maintain Resident's landscaping. To prevent the waste of water, nuisance to other Residents, or damage to the roadway, water must be conserved and not permitted to overflow into the Community's streets or onto the yards of neighboring Residents.

11. GENERAL MAINTENANCE OF HOMESITE.

A. Storage. Storage of anything beneath, behind or on the outside of the mobilehome is prohibited. This includes, but is not limited to, storage of boxes, trunks, wood, pipe, bottles, garden tools, mops, ladders, paint cans or any item which is unsightly in appearance.

(1) Only outdoor patio furniture and barbecues approved for use by Community Management may be used on the patio, porch, yard or other portions of the Homesite.

(2) No towels, rugs, wearing apparel or laundry of any description may be hung outside of the mobilehome at any time.

B. Maintenance and Appearance of Homesite. Resident shall at all times maintain Resident's mobilehome and Homesite in a clean and sanitary condition, and shall cause all rubbish and other debris to be removed from Resident's mobilehome and Homesite on a regular basis. Resident is financially responsible to maintain, repair and replace (as necessary) Resident's mobilehome and all accessory equipment and structures, and Resident must keep these items in good condition and repair at all times. Resident's obligation applies, without limitation, to the following: Resident's mobilehome; all accessory equipment and structures; walkways; plantings; any banks or slopes located on Resident's Homesite; any utility connecting lines from the meter or utility pedestal to Resident's mobilehome.

(1) Exterior Painting. The exterior paint on Resident's mobilehome, accessory structures and equipment shall be properly maintained. Proper maintenance shall include, but not be limited to, the repainting of the exterior whenever the paint begins to fade, peel, flake, chip or deteriorate in any other manner that detracts from the aesthetic beauty of the Community. Written approval must be obtained from Community Management prior to any painting. Any change in color requires advance approval of Community Management.

(2) Concrete. All concrete, asphalt and other surfaces shall be kept clean and maintained free of oil and all other sticky or oily substances.

(3) Driveway and Street Area. Individual driveway maintenance shall be Resident's responsibility, unless the driveway was installed by the Community. Residents shall keep the street area in front of their Homesite free from debris.

(4) Damage. If any portion of the exterior of the mobilehome or its accessory equipment, structures, or appliances or the Homesite are damaged, the damage must be repaired or replaced within thirty (30) days. This includes, but is not limited to, damage to the siding, awning supports, down spouts, skirting, porch or storage shed. If Resident's mobilehome has not been repaired, reconstructed, or restored within a reasonable time after work has been commenced on it, then Resident shall remove the mobilehome from the Community at Resident's expense. Upon such removal, Resident shall continue to be bound to perform all of Resident's obligations under the rental agreement, unless Resident has given Community Management sixty (60) days' written notice that Resident is vacating the tenancy.

C. Maintenance and Appearance of Homesite. Anything which creates a threat to health and safety shall not be permitted on the Homesite.

(1) For the purpose of this provision, "hazardous substance" refers to any flammable, combustible, explosive or toxic fluid, material, chemical, or substance (including, but not limited to, paint, motor oil and other vehicle fluids, herbicides, insecticides, poisons, chemicals or other toxic materials).

(2) No hazardous substances may be stored on the Homesite, except those customarily used for normal household purposes (and then only in quantities

reasonably necessary for normal household purposes which shall be properly stored within the mobilehome and/or storage building).

(3) Resident shall not dispose of any hazardous substances under or about Resident's Homesite, other Homesites in the Community, the Community's common areas or any other area of the Community (including, but not limited to, the sewer system or other drainage areas, the street gutters, the driveway areas or the ground beneath Resident's mobilehome, accessory equipment, or elsewhere on the Homesite).

(4) In the event Resident stores or disposes of hazardous substances under or about Resident's Homesite or elsewhere in Community, Resident shall immediately and appropriately remove the hazardous substances at Resident's own expense. If the Resident fails to remove the hazardous substances within ten (10) days after Community Management gives Resident written notice to remove the hazardous substances, the actual cost of such removal shall be immediately due and payable to Owner. Resident agrees to indemnify Community against (and hold Community harmless from) any loss, liability, damage or expense, including, without limitation, reasonable attorneys' fees, which (either directly or indirectly) Community may incur or suffer by reason of the storage or disposal by Resident of any hazardous substances on or under Resident's Homesite, other Homesites in the Community or any other areas of the Community.

D. Sewer System. No objects that resist water (including, but not limited to, facial tissue, disposable diapers, paper towels, tampons, cotton balls) may be flushed or otherwise deposited into the system. Grease, coffee grounds, facial tissue, disposable diapers, and sanitary napkins or other inappropriate items shall not be placed in the sewer system. Community Management shall not be responsible for damage done to any mobilehome because of the stoppage or backing up of the sewer system due to the placement in the sewer system of any prohibited material. Resident acknowledges that the placement of such prohibited material into the sewer system is difficult, if not impossible, to police. Resident, therefore, waives any and all claims for personal injury or property damage caused by a stoppage in the sewer line due to the placement of prohibited materials into the sewer system, by any persons, known or unknown.

E. Maintenance and Appearance of Homesite. The utility pedestals (water and utility hookups) must be accessible at all times. If one of the Community's water shut-off valves is located on Resident's Homesite, it must be kept uncovered and accessible at all times. Resident shall not connect, except through existing electrical or natural gas outlets or water pipes on the Homesite, any apparatus or device for the purposes of using electric current, natural gas or water. All drain and line connections must be gas and water tight.

F. Licenses and Fees. All mobilehomes within the Community must bear a current license and decal issued by the appropriate agency of the State of California. Any fee, tax or registration charge for Resident's mobilehome by any county, state or federal agency must be paid by Resident. Resident shall provide to Community

Management, on three (3) days' written notice, a copy of the registration card issued by the Department of Housing and Community Development for the mobilehome occupying the Resident's Homesite.

G. Exterior Lighting. Any lightbulb used on the exterior of Resident's mobilehome may only be a maximum of 60 watts and must be aimed only to portions of Resident's Homesite, but not to any other Resident's Homesite or mobilehome. Only UL approved Christmas lights and decorations shall be used on Resident's Homesite. Any decoration and/or lights used on the outside of Resident's mobilehome must be UL approved and are subject to Community Management's approval. Christmas lights and decorations may be displayed only after Thanksgiving, and no later than mid-January; in no event may Christmas lighting and decorations be left up any other time of the year.

H. Mailboxes. Mail is delivered to a central mailbox facility in the Community. Resident's mailbox is assigned by Community Management and must be emptied by Resident on a timely basis.

I. Garbage and Trash Disposal. Garbage must be wrapped and, with other refuse, must be placed in plastic trash bags and kept inside the mobilehome or storage shed in an approved container.

(1) Sanitary and health laws must be obeyed at all times.

(2) Combustible, noxious, or hazardous materials should be removed from the Community and not placed in Resident's containers.

(3) All garbage and refuse must be stored in garbage containers with tight-fitting lids.

(4) Bringing trash from outside the Community to dump in Resident's trash containers is not permitted.

(5) Trash will be picked up periodically by the local refuse hauler. A maximum of two (2) approved containers may be placed at Resident's curbside; no materials may be left outside of the two approved containers per Homesite. Empty trash containers must be promptly removed from the street and stored in a storage shed or otherwise not be visible from the street or an adjacent mobilehome.

12. ADVERTISEMENTS.

A. All exterior advertising flags, including, but not limited to, for sale signs, open house signs and garage sale signs, are prohibited.
